## JEROME IN THE COURT

New York Attorney Goes to Coaticook to Face Charge of Gambling—May Secure Dismissal on Faulty Complaint—Thaw Case May Take Two Years

Ottawa, Ont., Sept. 8.—Dominion officials here foresee a delay of possibly two years before final decision of the Thaw case. The litigation in their opinion undoubtedly will be carried through the Dominion courts to the privy council in England, where the final verdict will be written. Until this verdict is given, the immigration officials believe the courts will not permit the deportation of Thaw and he will remain on Canadian soil. The journey of the action through the courts to the privy council is a long one.

Coaticook, Quebec, Sept. 8.—William Travers Jerome stepped off the train from Montreal at noon, ready to appear in court this afternoon on a charge of gambling, on which he was arrested last week. A small crowd at the station was silent. He made no statement and was taken at once to his hotel.

Samuel Jacobs, K. C. of Montreal, chief counsel for New York state, in his fight to return Harry K. Thaw to Mattheawan, accompanied Jerome. They alighted from the train almost directly beneath the window of the detention room where Thaw is held. It was raining and there were not more than forty idlers at the station. Notwithstanding the open hostility that has been shown Jerome here, no threat was heard today.

The crowd dispersed quickly and drifted toward the court house where the hearing was to be held at 4 o'clock. It was predicted that the charge would be dismissed on a technicality, in that it specified that Jerome played cards in "a railroad station" when as a matter of fact, he was more than 50 feet from the station.

Jerome was released last week under \$5000 bail, and with his departure for Montreal to make arrangements to oppose the habeas corpus writ on which Thaw is to be arraigned next Monday, many of those here antagonistic to him, remarked that "Jerome has jumped his bail. He'll never show his face in Coaticook again."

It was with considerable surprise, therefore, that they heard Jerome's counsel had put his case forward to today.

James McKee, the aged justice of the peace, who signed the warrant for Jerome's arrest and played him in court, when Jerome did not appear at the first hearing, had no part in today's proceedings. He was superseded by a district magistrate, H. W. Mulvenna, of Sherbrooke. Mulvenna agreed yesterday to come here and preside.

Settled an Old Grudge.

A. C. Hanson, joint crown prosecutor for the district, was in charge for the prosecution; Jacob Nicol of Sherbrooke, crown prosecutor of the district, for the defense.

Alfred Aldrich, the mill hand complainant against Jerome, got leave of absence for this afternoon so that he could be in court. He said this morning that he had no sympathy for Thaw and acted against Jerome because he thought it was his duty. "I got into a little trouble one time for playing cards in New Hampshire," he confessed, "and this will sort of even things up."

## JAP PAPER SUPPRESSED

Tokio, Sept. 8.—An anarchistic expression in connection with the agitation over the killing of Japanese at Nanking led to the suppression today of the Niroku Shimbun independent newspaper.

The members of the Japanese cabinet are being constantly protected by detectives.

The police arrested the ring leaders of the mobs which were assembled to hold another mass meeting here today and the meeting was not

held. Premier Yamamoto received the organizers of yesterday's meeting and informed them that there was no necessity of sending armed forces to China at present.

According to another version the premier declared that the sending of troops to China might bring about the partition of that country by the powers.

This city is filled with unsubstantiated rumors that the occupation of Chinese territory is impending.

General Viscount Yoshimichi Hasegawa, chief of the general staff, and General Viscount Kageaki Kawamura, commander of the Tokyo garrison, conferred today with Emperor Yoshihito at Nikko.

The Chinese government has apologized to Japan for the murder of several Japanese at Nanking and has ordered an investigation. The Chinese note voiced the desire that a peaceful solution of the affair be reached through diplomatic channels.

## WILL STOP TWO PLAYS

New York, Sept. 8.—Chief Magistrate McAdoo today decided to issue warrants for the arrest of leading persons connected with the production of two plays dealing with life in the underworld. The police department complained that these plays, which lay their chief scenes in houses of ill fame, are detrimental to the public morals. Application for the warrants was made by Police Commissioner Waldo last Saturday. Magistrate McAdoo delayed action until he had attended one of the shows, Saturday night, and had received evidence today regarding the other.

The warrants will be held in abeyance until tomorrow afternoon and it is still a question just how far the police will succeed in their efforts to stop these dramas. The plays in question, it is charged, mark the climax of the recent tendency toward decent dramas. Their authors and players, however, contend that they are not indecent and that they teach a salutary lesson.

## RELIEF FOR HOT SPRINGS

Hot Springs, Ark., Sept. 8.—Generous money subscriptions and supplies are reaching Hot Springs for the relief of persons who were rendered homeless by Friday night's fire. The task of caring for the homeless was well in hand today. Rebuilding in the fire swept area is to be begun immediately.

Governor Hays is expected to return here to hear requests of citizens for a special session of the legislature to authorize the commission form of government for Hot Springs.

## STRIKES AT SCIENTISTS

London, Sept. 8.—That a father is guilty of manslaughter following the death of his child if he relies solely on the services of a Christian Science practitioner during a serious illness, was decided today by Justice Rowlatt in the central criminal court. Though the case was actually tried, the defendant was acquitted because the charge was not technically proved.

The verdict of manslaughter was returned on August 9 by a coroner's jury against Benjamin Jewell, whose seven-year-old daughter died from diphtheria while undergoing Christian Science treatment. Jewell today declared that he was not aware that the child was suffering from diphtheria.

Justice Rowlatt directed the jury to acquit Jewell on the grounds of insufficient evidence, but, turning to the defendant, he declared emphatically:

"If this case had been proved, I certainly would have passed a heavy sentence, Christian Science or no Christian Science."

Chicago, Sept. 8.—Jim Flynn, the heavyweight pugilist of Pueblo, Colo., today agreed to meet Carl Morris, who has been training here for three weeks.

London, Sept. 8.—The Duchess of Roxburghe, formerly Miss May Goelet, of Newport, R. I., gave birth to a son last night at Chesterfield house.

## OUTWITS LYNCHERS

Oklahoma Sheriff Saves Life of Negro Murderer By a Clever Ruse—Escapes Mob on Country Road and Lands Prisoner in Jail

Newkirk, Okla., Sept. 8.—Lewis Green, a negro bootlegger, arrested in Guthrie yesterday after he had shot to death two Guthrie policemen who raided his "joint," was locked in jail here today, his life saved from a mob that threatened lynching by the strategy of Sheriff Mahoney.

When the mob began to gather yesterday, Sheriff Mahoney and a deputy rushed to the jail, hurried the prisoner into an automobile and started north toward Perry, closely followed by the mob.

Near Mulhall the gasoline in the car began to run low, and Sheriff Mahoney, leaving his deputy to proceed with the car as a blind, plunged into the woods with his handcuffed prisoner just before the leaders of the mob rushed by. After walking a mile through the brush, Sheriff Mahoney flagged a freight train and landed Lewis safe in jail here early today.

Meanwhile dispatches from Guthrie told of the streets being filled with armed men, waiting for the mob leaders to return with Lewis. A mass meeting was held in Guthrie and a fund raised for the use of the families of Chief of Police Muxlow and Patrolman Ed. Caldwell, the dead officers.

The body of Porter E. Coolidge, aged 24, of Needlesha, Kan., was found here early today on the bank of the Missouri river. He was visiting in Kansas City and it was believed he had met with foul play. No marks were found on his body.

The body of Oscar Gray was found shortly before noon in a field on the farm adjoining that of Mrs. Allen. Frank Frantz, owner of the farm, found the body. The boy had shot himself through the head. Gray was a high school student and a leading athlete.

## COMMITTEE ON AUTOMOBILE PARADE

Chairman Joseph Thomas, of the electrical automobile parade, to be given on the first night of the Fashion show, has enlarged his committee in order that the parade may be managed successfully and efficiently. On the committee are J. H. Thomas, chairman; Charles Kaiser, Roland B. Langtry, Mrs. M. S. Brown, Mrs. E. C. Rich, Mrs. J. H. Thomas, Mrs. Harold Peery, Mrs. W. H. Harris, Chief A. C. Canfield and Chief W. I. Norton. The committee has secured copies of the automobile directory of Utah and the names of Ogden and Weber county automobilists are being checked off. Each Ogden owner of a machine will receive a personal invitation to be in the parade.

Automobile floats promise to be a feature. The B. P. O. Elks have already made arrangements for a big automobile float designed to represent the order and the other fraternal organizations are planning elaborate floats of the same nature. With an increased number of auto trucks, which give greater speed for decoration, the designs, the committee declares that the parade of this year will surpass by far any parade of automobiles ever given in the state.

A. G. Horn is the chairman of the baby parade committee and he is naming his aides. He declares that his parade of Ogden's finest crop will have the automobile and industrial parades apologizing for making such a poor showing as compared with the babies. Cups have been purchased for the prizes.

The industrial parade committee, the advertising committee, the amusement committee and others are working daily on those features of the celebration.

Who will be queen of the Fashion show? That question will be asked regularly from now on.

## ATHLETES AT THE VATICAN

Rome, Sept. 8.—Pope Pius today received in private audience the heads of the foreign teams of athletes now competing in Rome under the auspices of the Catholic Athletic league.

The pope made no reference to the incidents of yesterday when the athletes prevented a great parade of athletes and pilgrims because of threatened reprisals by anti-clericals.

POLITICS WARMING UP

Baltimore, Md., Sept. 8.—There is a warm Democratic primary fight on in this city today, the lines being closely drawn between the organization and progressive forces. Control of the state convention and of the party organization through the state central committee, besides some minor city offices, is at issue. The Republicans are also holding primaries, but fewer contests and less interest attaches to their fight.

BEGIN PEACE MEETING.

Constantinople, Sept. 8.—The Turkish-Bulgarian peace conference, called to negotiate settlement of the questions in dispute between the two nations, was opened here today.

EMPEROR AT MANEUVERS.

Breslau, Germany, Sept. 8.—The annual grand maneuvers of the German army occurred today in the presence of Emperor William, who is acting as the supreme umpire; King Constantine and the crown prince of Greece; King Frederick August of Saxony, and the chiefs of the general staffs of the armies of Germany, Austria, Italy and the Argentine. Two army corps are engaged.

## KANSAS CITY CRIME WAVE

Many Murders, Hold-ups and Robberies Spurs Police Department to Extraordinary Activity—Two Boys' Bodies Found

Kansas City, Mo., Sept. 8.—A wave of crime that began here Saturday night has spurred the Kansas City police department to extraordinary activity, and early today measures were taken to draw in more closely the police net work in certain portions of the city. Two men met death under mysterious circumstances and a multitude of thefts and burglaries were committed in the twenty-four hours ending at midnight.

Six motor cars, a horse, bicycles and goods running into thousands of dollars in value were taken, besides several thefts of money aggregating \$1200. Pickpockets and sneak thieves made numerous hauls.

Otto Thompson, 28 years old, was found dead from a pistol wound early Sunday. He had been killed while crossing the Seventh street viaduct in Kansas City, Kan., and the police attribute the shooting to highway men.

The body of Porter E. Coolidge, aged 24, of Needlesha, Kan., was found here early today on the bank of the Missouri river. He was visiting in Kansas City and it was believed he had met with foul play. No marks were found on his body.

The body of Oscar Gray was found shortly before noon in a field on the farm adjoining that of Mrs. Allen. Frank Frantz, owner of the farm, found the body. The boy had shot himself through the head. Gray was a high school student and a leading athlete.

the two did not return home Saturday evening and an elopement was suspected. Then Jesse Gray, the boy's father, missed his revolver. Alarmed, he notified the parents of the girl, Mr. and Mrs. Charles Lee, and a search was begun.

Two Boys Murdered.

Lincoln, Neb., Sept. 8.—The discovery of bullet wounds last night in the bodies of John A. Gray, aged 16, and George Dimer, aged 9, who were found dead Saturday night, near Havelock, a suburb of this city, leads to a theory that the boys were murdered. Coroner V. A. Matthews will hold an inquest today.

The boys had been missing since Thursday, following their departure on a day's hunting trip.

Find Body of Girl.

Salem, O., Sept. 8.—The body of Ida Lee, 15 years old, a high school girl, was found in a grove north of here this morning with a bullet hole through her head. She had been missing since Saturday, when she went mushroom hunting with Oscar Gray, also 15 years old. Gray is missing.

## SOLD BEER AND ENRICHED THE CITY

Three alleged violators of the liquor and tobacco ordinances contributed \$125 to the city this morning when bail money to that amount was forfeited by non-appearance.

Wong Shoo, of the Seneca cafe, was charged with illegally selling to Jack Harvey some beer. He was arrested last night by Sergeant H. C. Peterson and Patrolman James Hearn. The \$50 posted last night as bail was forfeited this morning when no one answered the reading of the complaint.

Cue Cuttriss was another unfortunate who forfeited \$50. The charge against him was that he sold beer illegally to J. E. Johnson early this morning. The arrest was made by Sergeant H. C. Peterson.

S. Kisha forfeited \$25 for non-appearance in answer to a complaint charging him with selling tobacco to a minor.

## TO REPAIR DRY DOCK.

Washington, Sept. 8.—The big navy dry dock at Pearl Harbor, Hawaii, which recently collapsed after the government had spent several million dollars in its construction, can be saved and finished, according to the original design, in the opinion of Alfred Noble, an engineering expert, who was sent to inspect it. Mr. Noble conferred today with Secretary Daniels and later will submit a detailed report with plans for completion of the work.

## WEATHER FORECAST FOR PRESENT WEEK

Washington, Sept. 7.—Cooler weather the coming week is promised to the central part of the country by the weather bureau, but even higher temperatures are indicated for the northwest. In the northwest it will be warmer Monday, and by the middle of the week temperatures will be rising generally over the central and western portions of the country, followed by a fall over the northwest toward the end of the week.

A marked disturbance now over southern Alaska will extend eastward and southeastward, causing rains early in the week over the Pacific northwest, and about the middle of the week over the northwestern states east of the Rocky mountains.

## FOR RESCUE OF REFUGEES

U. S. Army Transport Buford Sails From San Francisco For Mexican West Coast to Gather Up All Americans in Peril

San Francisco, Sept. 8.—The army transport Buford will sail late today to gather up Americans in peril on the west coast of Mexico. The vessel will be in charge of Charles Jenkinson, special representative of the state department. It will fly the Red Cross flag as it is believed the ship will be better able to perform its relief work under that banner, owing to the present temper of Mexicans than under the American flag.

The Buford, it is thought, will bring back between 500 and 1000 Americans who desire to leave Mexico, and probably a second trip will have to be made to accommodate all who wish to get away.

Jenkinson arrived from Washington last Friday and has been busy with the task of loading the Buford with medicines and stores and of arranging for the embarking of hospital men and nurses and soldier guards. The trip is expected to last from four to six weeks. The first stop will be made at Manzanillo, September 15.

"We are going prepared for everything, including epidemics," said Jenkinson today. "Mayor William F. Lewis of the medical corps a sergeant and three hospital corps privates and three women nurses of the army nurse corps will be aboard. There will be also two Red Cross nurses from the San Francisco chapter, a doctor from the public health and marine hospital service and Mrs. Jenkinson, who will assist in the Red Cross work. Besides being a special representative of the state department, I am also a special representative of the American Red Cross society."

For several years Jenkinson was in Mexico, attached to the American embassy. He has recently made two trips to Mexico to bring back refugees, landing one party in Galveston and another in New York.

"President Wilson," he said, "intends that all Americans shall leave Mexico, and having warned Americans to leave, there is nothing for the government to do but provide transportation for them to their homes in the states. At three ports, Manzanillo, Guaymas and Salina Cruz, 300 persons are now awaiting us."

"The Mexicans are due to arrive in Galveston today from Vera Cruz with 300 refugees and two other vessels will reach the states in a few days with 400 more from the east coast. All available space has been reserved by the government on the Ward line steamers to New York, in addition to special commercial steamers which have been chartered. Of the 10,000 Americans in Mexico when President Wilson issued his warning, there probably will be less than 1000 by the time the Buford returns to this port."

Rebels Would Hang Zamacoena.

Eagle Pass, Tex., Sept. 8.—That Manuel Zamacoena, special envoy to Washington, "would be tried by court martial and hanged within an hour," should be attempted to enter the Constitutional lines with any proposition whatever, was the substance of a resolution adopted today at a meeting of the constitutional board of advisers at Piedras Negras.

The resolution denounced what they called the "attempt of the Huerta government to deceive the American people regarding the ability of Manuel Zamacoena to act as mediator in arranging an armistice."

## GREED AND DISCONTENT

Washington, Sept. 8.—Greed of coal operators as well as the miners, Bishop J. P. Donahue of the Catholic church of Wheeling, W. Va., told the senate investigating committee today, was the fundamental cause of the West Virginia strike. Exorbitant prices in company stores, from 15 to 25 per cent above the market, he gave as an instance of the attitude of the operators.

The bishop was on a commission, which investigated conditions on Paint and Cabin creeks. He was agreeably surprised by the living conditions of the miners.

"Of course, we found no Turkish rugs but we did find fairly comfortable workmen's homes," said the prelate.

"Were the men contented?" asked Senator Kenyon.

"I can best answer in the words of Witness Griffith, who said the men would not be satisfied until they owned the mines."

Coming to the cause of the strike, the bishop quoted a line from the Psalms—"The rich man flaunts his wealth and sets the poor man on fire," and declared it applied to the situation in West Virginia. He added that infidelity had been taught to the miners; that they had been taught that the saying "poor we have with us always," was a farce, and that the miners had just as much a right to automobiles and to live in

## HEAT WAVE CONTINUES

Light Showers in Missouri, Kansas and Oklahoma Bring Little Relief—Not Heavy Enough to Break the Long Drought

Kansas City, Mo., Sept. 8.—Light showers at scattered points brought decided relief from extreme heat over Missouri, Kansas and Oklahoma today, but in no instance were heavy enough to break the long drought, according to reports reaching the United States weather station here. Temperatures over the three states today were from 10 to 15 degrees lower than those that prevailed last week. The heaviest rainfall reported from Missouri was 13 inches at Lamoni.

Pittsburg, Kan., received 23 inches, the first rain of any kind since August 17, and the heaviest since May. At Oklahoma City and other Oklahoma points good showers fell.

The Kansas river at Topeka, usually a lively stream, is the lowest on record. At some points between Topeka and Lawrence the river is only one foot deep.

Several train loads of water are carried each day by the railroad from Independence to Blue Springs where it is turned into the railway's pond and shared with the townspeople. Some farmers in Jackson county haul water 12 miles, both for their families and their livestock.

Religion Will End Trouble.

"Well, they pay up and that is what you want?" suggested the attorney.

"Oh, no, paying money does not make a man religious. He must go to church and live his religion. Take away a man's religion and you make him little more than an animal. Get some of these horrible ideas of infidelity and doubt and Socialism worked out of the miners' minds, much as you work out beer at Carlsbad, and nurture a wholesome religious view of life, and conditions will be better."

The bishop denied that either individually or officially he was interested in West Virginia coal land nor mines.

Senator Martine asked the bishop what he would do to remedy conditions, if he had the power.

"First of all, I would require both operators and miners to go to church twice every Sunday," said the bishop. "I would give each a Bible as a steering chart and then give them about eight beatitudes, and make them hang two or three in their bed rooms such as 'Blessed Are the Poor in Spirit' and 'Blessed Are the Meek.' These would cause them to forget to use the machine guns."

## TARIFF BILL NEAR VOTE

Washington, Sept. 8.—The Democratic tariff bill, introduced by Majority Leader Underwood five months ago and passed by the house four months ago today, may pass the senate before adjournment tonight. When the measure was called up early today by Chairman Simmons, of the finance committee, it was the intention to hold the senate in session until a vote was reached. Leaders on both sides agreed that the bill surely would be reported back to the house some time tomorrow. In conference the measure is expected to be debated less than two weeks.

After some preliminary discussion today, Senator La Follette took the floor for his first general discussion of the bill, having deferred his amendments to the wool and cotton schedules until the climax of the debate. He expected to talk about four hours.

Senator Norris, Progressive Republican, called up his tax amendment, proposing a tax on inheritances, graduated from one per cent on \$50,000 up to 75 per cent on bequests exceeding \$50,000,000. He said it was designed to break up immense fortunes.

Senator Clapp, Progressive Republican, said he would support the amendment, although he believed the time had come when the government should go further and not allow people of great wealth like the Astors "to take what does not belong to them from the people."

Senator Norris took the case of Vincent Astor to illustrate the effect of his amendment. The younger Astor, he said, did nothing to accumulate the fortune of \$50,000,000 he received from his father.

"Under this proposed amendment," said Senator Norris, "the tax Vincent Astor would pay to the government would be \$43,799,500. He would then have more than \$5,000,000 tipped into his lap, a fortune made by millions of people of the United States, a fortune for the accumulation of which he did not sweat a drop, a fortune accumulated without an effort of his hand or brain. Such a tax would not be robbing Mr. Astor."

Senator Dillingham's amendment to turn back each state's income tax for good roads, with the provision that each state appropriate a like amount, was lost. Foreign books were returned to the free list as originally provided by the house.

Senator Smoot moved to reduce the duty on cut, but not set, diamonds, pearls and other precious stones from 20 per cent to 10 per cent. He said that he would not object to the high duty were it possible to collect it and prevent smuggling.

The senator held in his hand eight pearls, which he said cost \$18,000. "I move the senator pass them around," said Senator Reed. The amendment was lost.

## AMERICANS IN DANGER

Washington, Sept. 8.—Puerto Plata, in the Dominican republic, where a revolution is in progress, is being shelled by Dominican gunboats, with great danger to American lives and property. Jose M. Esteve, American vice consul there, so reported today. The gun boat Des Moines is on the way there.

The Des Moines is at Guantanamo today, coaling for the run to Puerto Plata, where she is due tomorrow. Puerto Plata has been in the hands of the Dominican rebels ever since the latest revolution started with the announcement of the governor that the state had seceded from all allegiance to the central government. The present danger to Americans and their property comes from the attempt of the Dominican government to force the rebel stronghold to capitulate.

The supposed leader of the uprising is Hector Velazquez, one-time provisional president of the republic. Previous meagre reports gave no indication that any fighting had occurred.

So far as naval authorities here are informed, the Dominican navy consists of two or three converted yachts armed with six pounders and machine guns. They could cause enormous damage to an unfortified place like Puerto Plata, especially since it is largely of wooden construction and might easily be set afire.

American interests in Puerto Plata are small, though a number of Porto Ricans recently have entered the business community there. Warrant for intervention by Commander Andrew P. Long of the Des Moines would be found in any action on either side interfering with the operation of the customs house under American supervision and control. It is expected that Commander Long will insist that hostilities be conducted outside the limits of the town.

## TODAY'S GAMES

Quakers Shut Out Braves.

Boston, Sept. 8.—(National)—First game:

|              |    |    |   |
|--------------|----|----|---|
| Philadelphia | 13 | 16 | 0 |
| Easton       | 0  | 3  | 6 |

Batteries—Seaton and Kilfinger; Quinn, James and Whaling.

Quakers 6, Braves 2.

Boston, Sept. 8.—(National)—Second game:

|              |   |    |   |
|--------------|---|----|---|
| Philadelphia | 6 | 13 | 0 |
| Boston       | 2 | 6  | 2 |

Batteries—Alexander and Doolin; Tyler and Whaling.

Cubs 5, Cardinals 3.

Chicago, Sept. 8.—(National)—R. H. E.

|           |    |   |   |
|-----------|----|---|---|
| St. Louis | 15 | 0 | 0 |
| Chicago   | 5  | 7 | 0 |

Batteries—Peritt and Wingo; Vaughn and Archer.

Giants 8, Dodgers 1.

New York, Sept. 8.—(National)—R. H. E.

|          |   |    |   |
|----------|---|----|---|
| Brooklyn | 1 | 9  | 3 |
| New York | 8 | 13 | 0 |

Batteries—Ragans and McCarthy; Heckinger Marquard and Meyers; McLean.

Pirates 15, Reds 2.

Cincinnati, Sept. 8.—(National)—First game:

|            |    |   |   |
|------------|----|---|---|
| Pittsburg  | 15 | 0 | 0 |
| Cincinnati | 2  | 7 | 2 |

Batteries—Adams and Simon; Ames, Packard, Harrington and Clarke, Blackburn.
